## Urges Public Know Govt. Function

Every Canadian should have a general knowledge of how the government operates, because every Canadian of voting age has the opportunity of taking a hand in running the country. The Canadian Chamber of Commerce declares in a new publication "Know Your Government."

"The function of government is reaching deeper and deeper into our lives every year," the chamber publication says. "The work of government gets more complicated every day. But there are a few fundamental facts about our political way of doing things which still remain true, and they are worth reviewing now and again."

The booklet "Know Your Government" covers some of these facts in broad outline, dealing with the Canadian Constitution, relations between the Dominion and the Provinces, the functions of the Courts, the duties of the Governor General, the Senate and the House of Commons are examined, and the machinery of passing a law. A short outline of the work of the various government departments is given, and a brief survey of provincial and local governments. Lists of Cabinet members, and members of the House of Commons and the Senate are also included.

In announcing publication of the booklet, the President of the Canadian Chamber, Robert A. Bryce, commented: "The strongest protection for democracy is an informed electorate. The voters must be informed on the issues of the day, but equally important, they should understand how the democratic machinery of government works. The Canadian Chamber is trying with this booklet, to provide a popular, short outline of Canada's governmental processes. There are, of course, some excellent scholarly studies in this field, but not, we believe, enough works suitable for wide popular distribution. We hope that 'Know Your Government' will stimulate wider interest in how democratic government works in this country."

Lunch-packers would be well advised to make sure their lunches contain milk, a vegetable or fruit, or both, whole-grain bread and a protein, such as meat, fish, cheese, eggs, or peanut butter.

Audrey Davis, undefeated in highland dancing at the annual Scottish games in Winnipeg, has had enough dancing. After 17 years of it, she says: "I don't think I'll enter next year; I'm getting 'too old.' Her age—21.

## 33 Teachers Discuss Problems

### Bow Valley Teachers Hold First Meeting At Cluny

The Teachers' Institute of Bow Valley School Division held its first meeting of the term in the Cluny High School on Saturday, Sept. 16, with 33 teachers present from Milo, Queenstown, Arrowwood, Gleichen, Cluny, Hussar, Chancellor, Jeanne d'Arc, Fairvale and Siew Lake.

These meetings are held every two months and give teachers a chance to become acquainted, to talk over their various problems and to find out how others are managing.

The meeting was called to order by Roy Eyres, principal of Arrowwood. After greeting the new teachers, Institute officers were elected for 1950-51. President, R. Eyres; Vice-Pres., R. W. Blick, Gleichen; Sec.-Treas., Mrs. E. Collier, Cluny; Publicity director, Mrs. G. Schierholtz, Gleichen, with E. Eyres and L. Inman, of Cluny.

Three fall track meets will be held at Hussar, Gleichen and Arrowwood and the men will meet this week to set the date.

**Educational Standards**  
Various-teacher problem were discussed, and the objections to the lowering of the standards were unanimous. One teacher said that businessmen are out of patience with the present system, as they claim that young men and women come into their offices and stores whose writing, spelling and arithmetic is so poor they are handicapped for jobs in the business world. Some agreed, others thought that the modern child knows as much of the three R's as his fathers. After a lengthy discussion, the meeting decided to thoroughly discuss the curriculum and present standards at a future meeting.

**Discuss Enterprise Projects**  
In the afternoon, the elementary teachers met in a group with Superintendent O. P. Larson of Brooks as chairman, Mrs. E. Eyres of Arrowwood as consultant and Miss M. Serie, Cluny, recorder. Enterprise was discussed at length, many of the teachers protesting that it is very hard work to plan a good enterprise because of lack of reference books, and harder work to get the children to look up the facts needed, and then write it down in concrete form in their own words. These teachers claimed that too much confusion results and that with more text books and a less flexible timetable, more teaching could be accomplished in the same time.

Others felt that the enterprise is the answer to many of the problems of education and that if teachers would forget their fear of it, and follow the outlines in the curriculum, they would find it easy to do and obtain good results.

The Junior High School and High School teachers met with R. Collier, Cluny, as chairman, F. Bettton, Cluny, consultant, and Miss J. Conaty, Arrowwood, recorder. There was general discussion of the new courses and the new proposed Social Studies course in High School. The objectives of the program of studies for Junior High were discussed and plans made for comparison of the new Science course as compared with the old course.

**Teachers' Obligations**  
Following the Institute meeting, the A.T.A. Local met, with L. Inman presiding and J. Sisko, secretary. The matter of teachers honoring contracts was discussed at length, as one teacher from another province accepted a school in the division this summer, arrived just before school opened, decided she did not like the district or the people and left the morning school opened. The school, a good one, on gravel, close to a town, was left without a teacher and too late to get another one. It was unanimously decided that the meeting go on record as feeling that teachers have a standard of conduct to live up to, and such actions savor dishonesty and the party in question should be disciplined.

Just how to do that, is the problem, as the teacher does not belong to the A.T.A. never having taught in Alberta. The matter will be referred to the A.T.A. officials in Edmonton.

Mr. Clark of Queenstown, who represented the division at the Banff School of Fine Arts, will

## Showers Honor September Bride

Miss Erma Graham entertained recently at a bridal shower in honor of Miss Betty Hilz, bride-elect of Sept. 17.

The young friends and former school mates of the bride spent the evening in compiling a "bride and groom" book. Miscellaneous gifts from the guests were presented to the bride in a clothes basket decorated with pink and white streamers.

Betty very fittingly thanked her friends for the many lovely and useful gifts and the evening came to a close with the serving of a delicious lunch by the hostess.

Miss Betty Hilz, whose marriage to Mr. Harry Brown took place Sunday, was the guest of honor at a bridal shower held Thursday evening, in the United Church Sunday School rooms, when Mrs. Jim Shortt and Mrs. Verne Harrison were joint hostesses. Some 36 friends of the popular bride-elect were gathered to shower her with many lovely and useful gifts for her new home.

The honored guest was seated in a decorated "throne" under a pink and white arch, and Mrs. Shortt welcomed the guests and opened the evening's program with a singing, "School Days", enjoyed by all. A fine musical program was then presented with Mrs. W. W. Almond presiding at the piano and Mrs. W. Hilz, Jr. rendering two beautiful solos. More singing was the order of the evening, stressing songs depicting the interests of the bride and groom in the church choir and in their school days together.

Lyle Shortt and his sister, Lynell, dressed as major and majorette respectively, in costumes of scarlet and white, drew in a decorated wagon, with musical notes used as the theme. Mrs. Harrison, on behalf of the guests, presented Betty with the well-laden wagon and expressed the best wishes of all for a long and happy married life. Assisting the bride-elect in opening her gifts were her mother, Mrs. W. Hilz, Sr. and sister, Ethel.

The serving of a dainty lunch brought the happy occasion to a close. Assisting the hostesses with the lunch were Mrs. O. H. Rollis, Mrs. W. D. Allan and Miss Ruth Brett.

## Safe Driving Urged As School Re-opens

More than 160,000 school pupils in Alberta will end their mid-summer vacation and return to schools next month.

With this big movement back to school, officials of the Alberta Motor Association emphasize the need of motorists driving with extreme care in the vicinity of schools.

Accidents will be avoided if the car driver keeps on the alert in every way, realizing that many of these youngsters are attending school for the first time and possibly do not know of traffic dangers.

Parents also have a responsibility to inform their children of the need of making certain that it is safe to cross streets or highways.

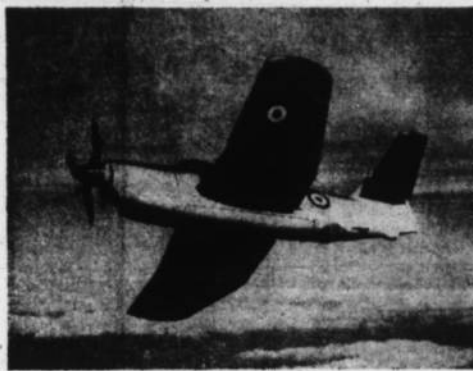

One of the primary essentials in regard to school reopening is to warn children of traffic hazards and urge them to be extra careful in the interests of safety.

Playing on streets and highways also exposes children to serious risks.

Officials of the A.M.A. point out that it is possible to avoid many accidents by a careful observance of the principles of safety. Tell the children to take no chances on getting hurt. The safe driving motorist will co-operate without question.

give a detailed account of the Workshop there at the next meeting.

Mr. Inman reported that the annual Teachers Convention for the divisions around Calgary will be held in the city on Nov. 2 and 3.

## Former Resident Married in U.S.

**Haines—Chambers**  
A former resident of Vulcan, Mrs. Annie Chambers was united in marriage to Mr. Freeman Haines of Guymon, Oklahoma, at a ceremony held at the home of Mrs. Martha Hershey, Guymon, early in September.

Rev. Eugene W. Scroggin of the Church of the Nazarene officiated at the double ring ceremony.

The bride wore a light blue afternoon frock with a white carnation corsage. Her only attendant was Mrs. Martha Hershey who wore a navy afternoon dress. Her corsage was of pink carnations.

Mr. J. E. Rexroat attended the groom as best man.

The only other attendants at the wedding were Mrs. E. W. Scroggin, Mrs. J. E. Rexroat and Larry Morris.

A reception was held following the wedding in the home of Mr. and Mrs. J. E. Rexroat, 1214 N. Lella. Homemade ice cream and cake were served to the bride and groom, Mr. and Mrs. Haines, Rev. and Mrs. Scroggin, Mrs. Martha Hershey, Larry Morris, Mr. and Mrs. W. M. Cope of Texhoma, Mrs. Dolis Golden, Mr. and Mrs. Tom Black, Mrs. Anna DeWolfe, of Salina, Kansas, and Mr. and

## Ministerial Assn. Sponsors Film

An answer to many problems which confront us today will be given in the film "I Am With You," to be shown in the Vulcan Theatre, Sunday evening at 8:45 p.m. This is the first of a series of religious films to be shown under the auspices of the Vulcan Ministerial Association. It brings a new understanding and faith in the promise "Lo I am with you always, even unto the end of the world."

Also to be shown is the third reel in the "Life of St. Paul" series, "Years of Apprenticeship."

A freewill offering will be received to defray rental expenses on the films used.

It is suggested that the people of the community attend their respective churches on Sunday evening, and then go to the theatre to see the showing of the films.

**Mrs. Rexroat.**  
Mr. and Mrs. Haines plan to make their home in Guymon at 1214 N. Lella. Mr. Haines is employed with a construction company in the city and Mrs. Haines is employed in the Guymon Municipal Hospital. Later, they plan to move to Mr. Haines' farm at Gore, Okla.

## Farmers Especially Invited To Attend

### Country Fair and Dollar Day To Be Held This Saturday

A weekend of entertainment is in store for residents of the town and district with the holding of the Country Fair and Dollar Day on Saturday, Sept. 23, preceded Friday evening by the first dance to be held in the new Vulcan Armories, featuring Bus Totten and his Calgary orchestra.

The many activities on Saturday offer amusement and fun for all, with the fair exhibits open to the public in the I.O.O.F. hall from 1 p.m. on, a dog show at 2 o'clock on main street, fashion parade and tea in the Armories from 3 to 5 p.m., cheap suey supper in the I.O.O.F. hall basement from 5 to 7 p.m., square dance competition and old fashioned hoedown in the Armories in the evening, and a free Dollar Day Show from 10 a.m. to 5 p.m. in the Vulcan Theatre.

The following message, addressed particularly to the farmers of the district, has been received from the Country Fair Committee: "Farmers—We postponed the Country Fair as we could not expect you or your families to attend during the busy harvest season."

"However, as most of you are nearly finished, we would appeal to you to get your entries—lots of them—for the exhibition and to make a real effort to attend with your families and make this show worth the effort."

You are assured of good music for Friday night's dance and for Saturday a most entertaining parade, then a fashion show followed by the supper at the I.O.O.F. hall, to say nothing of the exhibits and the old-time dance with square dance competitions.

There will be other amusements and we are certain the merchants of the town will have some interesting Dollar Day buys and they will all have tickets which will enable their customers to attend the free show in the theatre, up until 5 p.m.

We hope to see you all on Saturday.

—FAIR COMMITTEE—

## Supper, Program and Dance, Oct. 20

### Plan Official Opening of New Annex at Lomond

A welcome addition to the community hall at Lomond is a new annex for kitchen, dining and storage facilities, now nearing completion.

73 feet long and 16 feet wide, the new annex contains a storage and extra dressing room with an entrance to the stage, a kitchen complete with adequate cupboard space and high serving counter, and a dining hall with tables and seating for 150 people. The building is of frame construction with metal roof and cement floor. Interior walls are of plaster board and all wood trimmings are in natural finish.

Construction work was done by Sam Schlacht of Lomond, electric wiring by the Vulcan Electric Co., and the tables and benches are to be made by the directors of the hall through work bees.

A meeting to arrange the opening night was held in the new annex on Sept. 12. Attending were Mrs. G. Zambaldi and Mrs. S. G. Craig of the Goodwill Service Club and Mrs. L. Huff and Mrs. F. Walker of the Lomond Community Club. The ladies voiced their approval of the new annex and pledged the support and help of their organizations towards a grand opening night, with all proceeds to be given to the Lomond Community Hall to assist in defraying building expenses.

It was decided to hold the official opening on Friday, Oct. 20, with a community supper from 5:30 to 7:30, an amateur program from 8 to 10 p.m., followed by a dance from 11 p.m. to 2 a.m. with music by Fraser's Orchestra.

Chairman R. F. Frost of the Lomond Community Hall Co. Ltd. has appointed sub-committees to arrange the many details of this grand opening night and thanked the ladies for their assistance and pledges of support.

## Services Held For John A. Hutton

A resident of the Vulcan-Nanton district since 1908, John Archibald Hutton passed away Sept. 8 in the Vulcan hospital at the age of 73.

He was born in Saginaw Town and came west to become one of the early settlers of the Vulcan district.

Surviving are his son, George; one brother, Henry, of Albany, Ore.; two sisters, Mrs. Bud Ried of Lethbridge and Mrs. D. B. Langell, Calgary; five grandchildren and one great-grandchild. His wife predeceased him in March of this year.

Rev. O. H. Rollis officiated at the services held in the Vulcan United Church and pallbearers were William Wylie, Allan Fisher, Henry Pearce, E. Larsen, Tom Jensen and George Pearce, all of Vulcan.

Arrangements were in charge of the Snodgrass Funeral Home and interment was made in the Vulcan cemetery.

## Reid Hill W.I. Has New Project

The first meeting of the Reid Hill W.I. following the summer recess was held at the home of Mrs. D. B. Smith, Thursday, Sept. 14th, with 23 members and two visitors present. Roll Call was answered with "Helpful Hints on Home Canning." Mrs. Pete Bowie, president was in the chair and conducted the meeting, assisted by Mrs. Walter Mix, secretary.

Mrs. Cecil Smith was welcomed as a new member.

Following the example of Thigh Hill the Reid Hill branch decided on having the names of each member painted on the gate of their home, as a project.

Discussion was held on holding of a demonstration on Deep Freezing, sometime in November. It was decided to ask the Berrywater F.W.U.A. if they would care to sponsor the demonstration jointly, to assure a good turnout for the District Home Economist's demonstration.

Mrs. Agnes McKay presented a short outline of the history of the branch, telling some highly interesting facts, which was very much enjoyed.

It was decided to send a Christmas food parcel to the "adopted" family in the Old Country, with Mrs. McRoberts and Mrs. C. McIntyre attending to the details.

Suggestion was made that needed articles be sent to the Resthaven Home at Medicine Hat.

The tea raffle was won by Mrs. A. Wismer while a dainty lunch was served by the hostess assisted by Mrs. Muriel Smith. The next meeting will be held at the home of Mrs. Agnes McKay.

Feet—if you want them to last should be washed and massaged daily. Sensible, well-fitting shoes are most helpful, too.

## Pioneer Farmer of District Dies in Calgary at Age 80

FRED H. MENSINGER

One of the early farmers of the Vulcan district, Fred Herman Mensinger, aged 80, died in Calgary on Saturday, Sept. 16, after a brief illness.

Born in Clinton, Iowa, Mr. Mensinger came to Alberta in 1909 and farmed east of Vulcan until 1937, when he retired and moved to Calgary. He was a member of the Lutheran Church and a long-time member of the Alberta Wheat Board.

Surviving are his wife, Jessie, in Calgary; three sons, Benjamin J. in Calgary; Adam G. in Swallow, and Fred J. in Vulcan; nine grandchildren, two great-grandchildren, and a brother, William in California.

Funeral services were conducted by Rev. A. F. Miller in Park Memorial Chapel, Calgary, on Tuesday, Sept. 19, with many Vulcan friends attending. Arrangements were in charge of McInnis and Holloway and interment was made in the family plot at Burnside cemetery, Calgary.

## Alston Girl Is Batting Champ

Lucille Beingsesser of Edmonton, daughter of Mr. and Mrs. Sam Beingsesser of the Alston district, was the leading batter in the Edmonton women's softball league this past season, with a batting average of .429.

Miss Beingsesser played as an outfielder for the Morton's team in the senior women's circuit and her team won the provincial championship this year.

She is now attending University at Edmonton.

## Perfect Weather Aids Harvesting

Perfect fall weather has prevailed this week, with clear skies and bright sun helping greatly to speed up the late harvest.

Harvesting will be pretty well completed in most parts of the district by this weekend, but north of town is just getting nicely under way.

Periodic medical and dental examinations are necessary if body and teeth are to be kept in top shape—see both your doctor and your dentist regularly.

If you catch a cold this fall or winter, think of "others—don't cough and sneeze without first covering up—preferably with a disposable handkerchief.

With school days here again, mothers should remember that their children should get one-quarter of the day's food requirements in breakfast. Nutritionists state that breakfast is an important meal.

The first part of Sweden's contribution to the United Nations forces in Korea—a field hospital—arrives at Idlewild Airport in New York after a flight from Stockholm. After ceremonies at the airport, the doctors and nurses proceeded to Fort Dix, New Jersey, where they will remain until arrangements are made for transportation to Korea. The hospital will be manned by 176 persons.

(Toronto Telegram)  
The reason why the insurance companies charge extra for drivers under 25 years of age was demonstrated nicely on Yonge street, near Barrie in fairly heavy traffic a couple of days ago.  
There were three girls in one car and a girl and four boys in another car.  
The cars kept passing and re-passing each other at 50 miles an hour while the occupants passed notes back and forth from one car to the other.

SEEDTIME and HARVEST

Farm Storage of Grain  
Western Canada will harvest a big grain crop in 1950. This means, of course, that large quantities of grain will have to be stored on farms this fall and winter. Careful preparation should be made immediately, therefore, before the grain is harvested and stored, to see to it that farm granaries and bins are in first-class condition—rain-proof, clean, and free from accumulations of old grain and feed.  
Thieves of Stored Grain. Insects, fungi (molds), and rats are the great thieves of stored grain. In Western Canada, however, the greatest dangers to stored grain are moisture and insects. Grain that is clean, dry and cool is not subject to insect damage or spoilage. To keep well, grain must be dry.  
Storage Precautions. Here are some important precautions to observe in preparing farm granaries and bins for the 1950 crop. (1) Repair leaky roofs, windows and doors to exclude rain and snow. (2) Clean walls and floors thoroughly. Sweep the floor with damp dust, and then sprinkle a little hydrated lime over it. This should be swept around to fill all cracks. (3) Don't forget that a wooden floor, constructed so as to provide ample air space between the floor and the ground, is "Safety Item No. 1" in a farm granary. (4) If the floor is concrete, cover with moisture-proof paper. This will help to reduce possible moisture damage. (5) Don't fill the granary too full. Be sure and leave enough space between the grain and the roof to provide good ventilation.  
Basic Rules. The basic rule for storing grain on the farm to prevent damage, particularly from insects, is to keep the grain cool, dry, and free of broken kernels. Carrying out this rule, and practicing simple cleanliness in moving and storing grain, will go a long way toward eliminating farm storage losses in Western Canada this fall and winter. If an important grain storage problem develops on your farm this year, seek advice at once from the Stored Products Insect Laboratory, Winnipeg.

## Cost of Defence

Canadians are being warned that, as a result of the Korean affair and preparations for defence generally, including the cost of setting up a Dominion-wide organization to meet a possible atom bomb attack, taxes are going to be higher next year. The warning is timely.

In the Abbot Budget for 1950-51 brought down at the last session of Parliament, the sum of \$425,000,000 was voted for defence. This was the largest peace-time Budget in Canada's history. On top of this we are now contracting further calls upon the Exchequer to meet the Korean brigade requirements and for expansion of the reserve units and training equipment which will amount to around \$150,000,000, making a total for the year of \$575,000,000.

But that is only the beginning. Thoroughly alarmed, the free nations of the world are banding themselves together to be prepared to meet Communist threats against the peace in other sectors. Korea is the warning in that regard. Meeting such threats is costly business. Then we must go much further than that. Russia, unless she changes her attitude towards the rest of the world entirely, is heading us into war, the ideological war which her leaders seem determined to force unless all the rest of the nations knuckle down and do her bidding.

It would be no surprise if next year Canada were to be faced with a billion dollar defence program. That would bring our annual Federal Budget for all purposes up to three billions.

And that can only be met by higher taxes.

It is a sad commentary on the state of affairs five years after the end of the Second Great War that we should be forced into such a position by a country which was our former ally. But that is the situation, and it cannot be met this time as we did during the rise of Hitler as a world threat—by burying our heads in the sands and refusing to believe the evidence before our eyes. The Second Great War cost Canada billions of dollars during the six years of its duration. We entered the war with a national debt of some sixteen billions which we have reduced now to about twelve billions. But during the war we were paying very high taxes and making great loans to the Government to meet the cost of fighting the war. We met nearly half the cost of the war as it went along out of high taxes, and we loaned the rest of the money needed to the Government. On the average the cost was probably around four to five billions a year, half of which came out of taxes.

In wartime taxes to meet the cost of the war as it went along were around \$2,500,000,000 a year, should Canadians be too reluctant to face a cost of a billion dollars a year to prepare ourselves so that Russia may decide that she had better change her attitude and accept United Nations at its face value? Uncle Sam is planning to add anything from 10 to 50 billions to her defence budget in the next year. Can Canada expect to sit back and do little or nothing?

It would be well if the Canadian people were to ponder the situation which confronts us in a manner truly realistic. If we do, and if we should face a billion dollar defence budget next year, we will not be caught unawares. It would seem that the price of freedom and liberty comes high when there are still dictators in the saddle as is the case in Russia.

A Big, impressive, powerful car — with generous room for six... Canadian engineered for Canadian conditions and for economical operation — all this at a price that's far, far lower than the cost of any comparable car!

With value like Chevrolet's it's no wonder that in a recent impartial survey among thousands of motorists from coast to coast, Chevrolet proved to be in greater popular demand than any other car.

More Chevrolets are sold in Canada than any other make! In the past five years, Canadians have bought over 50,000 more Chevrolets than any other make — and the lead is growing every day, in all parts of the country!

**LOW FIRST COST · REPUTATION · ECONOMY**

**LOW FIRST COST** — Compare price tags first! Then examine the car — inside, outside, under the hood. Chevrolet is priced among the lowest of all — far below any comparable car! And it's a full-sized six-passenger car — safe, impressive.

**REPUTATION** — Thousands of motorists recently named *Reputation* as the leading reason for voting Chevrolet their favorite motor car, in a survey conducted from coast to coast, among owners of all makes.

**ECONOMY** — Chevrolet's highly-improved more powerful engine features a new carburetor that not only steps-up performance but means even greater economy of operation. And owners agree Chevrolet costs less for maintenance service than other cars.

**STYLING · PERFORMANCE · DEPENDABILITY**

**STYLING** — Inside and out, Chevrolet's a style star! Above all, the new Chevrolet's lines have a quality look — the look of a big, impressive motor car... and that's just what this Chevrolet is!

**PERFORMANCE** — This year, as every year, Chevrolet clearly out-performs its rivals... on super-highways, on back concessions, in stop-start traffic. And Chevrolet's performance stays brilliant!

**DEPENDABILITY** — Complete dependability — that's the Chevrolet by-word! Superb engineering for Canadian conditions, plus skilled service at modest cost by authorized dealers everywhere — keep maintenance costs down, dependability up!

**SAFETY · ROOMINESS · TRADE-IN VALUE**

**SAFETY** — Chevrolet gives you greater safety! Powerful, heavy steel box-girder frame... new more rigid Bodies by Fisher... big wraparound bumpers... exclusive Certi-Safe Hydraulic Brakes... and ample power to pull you out of danger in a tight spot!

**ROOMINESS** — Chevrolet's a six passenger car, for sure! There's no more squeezing in, but room aplenty for six grownups to ride in comfort on extended trips. And Chevrolet's convenient trunk has amazing capacity — it's bigger than ever before.

**TRADE-IN VALUE** — Because Chevrolet is first in the low-price field with all the qualities that Canadians want most... because it's renowned for long life, Chevrolet is the favorite among used-car buyers as well as new. That means a higher trade-in value for you!

Harry E. Smith was called on jury duty, to report Sept. 18, in the Judicial District of Lethbridge. This is the third time in four years that Mr. Smith has been called to serve.

Bill Jopling of Calgary is spending the week end at his home here.

Mr. and Mrs. T. Kingery of Portland, Oregon, who have been the house guests of the latter's sister, Mrs. E. Siler, left to return to their home last week. Mrs. Siler motored her guests as far as Kalispell, Montana, where they spent a few days visiting other relatives. Mrs. Siler returned home Saturday.

Mrs. W. Knight, of Carmangay, was a visitor at the home of her brother-in-law and sister, Mr. and Mrs. Ken Bloxham.

Mr. and Mrs. Virgil Stout had as their guest the latter's sister, Miss Dorothy James, of Lethbridge, who recently returned home from a two month European trip.

Mr. and Mrs. Dewey Greenlee had as their house guests for the week end, their son-in-law and

daughter, Mr. and Mrs. Carlton Mellett of Jasper, Alta., also, Mr. and Mrs. Lem Mellett of Wetaskiwin, Carlton's parents. The guests arrived to join in celebrating Mrs. Greenlee's birthday anniversary, which was Saturday, Sept. 16. Greetings.

Mr. and Mrs. Clyde Coe had as guests this week the latter's nephew and his bride, Mr. and Mrs. Alvin Wright, who were en route to their home at Olds after spending their honeymoon at points in the United States.

Mr. and Mrs. A. Degenstein and children motored to Bow Island, Sunday, where they visited the former's parents, Mr. and Mrs. J. Degenstein. Mrs. B. Hummel and Miss Ruelle Hummel accompanied Mr. and Mrs. Degenstein as far as Medicine Hat where they spent the day with Mr. and Mrs. A. C. Little, Mrs. Hummel's parents.

Championites who spent Sunday on the golf links at Stavely were: Mr. and Mrs. H. C. Jopling, Mr. and Mrs. J. Mark, Mr. and Mrs. W. A. Keenan and Mr. and Mrs. W. McIntyre.

Mr. and Mrs. Fred Puzey had as their house guests the latter's mother, Mrs. G. E. Toony, and brother and sister-in-law, Mr. and Mrs. Reed Toony and children, all of Claresholm.

### H. S. A. Meets

The Champion Home and School Association held their first meeting of the 1950-51 term, Tuesday evening, Sept. 12. The President, C. J. Versluys, presided. Owing to the busy harvest season the attendance was small.

Miss Barber, primary teacher, was introduced. Miss Barber is the only new out-of-town member of the school staff.

Consideration of a Music Festival was discussed only briefly, it was decided to await a larger representation before any decision be arrived at.

Refreshment hostesses were: Mrs. J. C. Anderson, Mrs. S. Cowgill and Mrs. K. Bloxham.

The Latter Day Saints Church service was held at the home of Mr. and Mrs. F. Puzey, Sunday afternoon. The Primary Organization was in charge.

Mr. Carmen Jordan accompanied by his nephew, Keith Jordan, visited relatives in Turner Valley over last week end.

Mrs. R. MacLeod entertained a group of children at her home, Thursday evening, Sept. 14, in honor of her small daughter, Mabel, who was celebrating her seventh birthday anniversary. Eighteen youngsters were present to play games and receive prizes.

Later, the children were treated to a dainty lunch including birthday cake and other goodies, so dear to the hearts of kiddies.

Kenneth Jordan of Lethbridge was a weekend visitor at the home of his parents, Mr. and Mrs. James Jordan, and was accompanied by a group of his Lethbridge pals.

Mr. and Mrs. H. A. Allan and family were visitors to Herrington over the week end, guests of Mrs. Allan's mother, Mrs. Merkel.

A delightful community pre-nuptial shower was tendered Miss Shirley Taylor, of Calgary, formerly of Champion, Saturday afternoon, September 16th, whose marriage is a coming event of Saturday, September 23rd, when she will exchange nuptial vows with Oswald Lloyd Over and, of Calgary, in Champion United Church.

The banquet room of the community hall was tastefully decorated for the occasion with multi-colored balloons and potted plants. Tall standards with beautiful bouquets of assorted hued gladioli flanked the bridal chair which was attractively trimmed with pink bows. White bells placed at intervals in pink and white braided streamers, cascaded from the ceiling directly above the bride-elect's chair. Miss Taylor was presented with a corsage of pale pink rosebuds.

A guest book was passed and autographed by all present.

Mrs. A. K. Overland and Miss Marjorie Overland, mother and sister of the bride-elect, were introduced to the assembly.

Miss Elaine Groves and Miss Gora Fraser each entertained with piano selections. Miss Ruelle Hummel and Miss Ruth Stewart, accompanied at the piano by Mrs. A. Degenstein, rendered a pleasing duet to "Shirley and Ossie" with specially arranged lyrics to suit the occasion.

Presentation of the numerous lovely gifts was made by Mrs. L. Latif, garbed in a mail carrier's uniform and carrying two mail sacks, (the bride-elect is a postman in Calgary). Mrs. G. Taylor and Mrs. Overland, mothers of the principals, respectively, assisted in unwrapping the gifts. Shirley graciously thanked her friends for their interest in her and extended a special thanks to her hostesses. A tasty lunch was served by the hostesses who were: Mrs. E. Fraser, Mrs. L. Latif, Mrs. E. Nowlin, Mrs. D. Chamberlain, Mrs. R. Hegland, Mrs. E. Knudsen, Mrs. A. Howerton, Mrs. E. Smith, Mrs. A. Degenstein, Mrs.

## Couple Celebrate Golden Wedding

Mr. and Mrs. Frederick Sadler celebrated their golden wedding on Sunday, Sept. 10th, at their home. The actual wedding date was Sept. 8th, but festivities were delayed two days to permit out-of-town relatives to attend the celebration. At the family dinner party, a beautifully decorated wedding cake, made by Mrs. Sadler's sister, Mrs. Cane of Midnapore, flanked by tall tapers and bouquets of cut-flowers, graced the dining table. Present were their son-in-law and daughter, Mr. and Mrs. Herbert Barkness of Armadale, four grandsons, two of whom are married, Mr. and Mrs. Ronnie Barkness, Margaret and Mary of Turner Valley; Mr. and Mrs. Leonard Barkness and Lyn Diann of Calgary; Victor of Armadale and Robert of Calgary. Mr. Sadler's sister, Mrs. S. Cane of Midnapore, was also present.

Many old friends and neighbors called to felicitate Mr. and Mrs. Sadler who are held in high esteem throughout the community. A presentation of a purse of money was made from their friends of town and district, they were also the recipients of several beautiful bouquets of cut flowers. The immediate family presented the honored couple with a walnut cathedral chime clock.

Mr. and Mrs. Sadler, 83 and 80 respectively, were married in St. Katharines (English) Church, Maitland, Surrey, England, September 8, 1900. One child, Mrs. Barkness, was born of the union. They are the happy grandparents of four grandsons and three great-granddaughters.

Coming to Champion directly from England in 1913, they farmed in this district until retiring in 1937 when they moved to town where they still reside.

We regret to wind up this report with an unhappy note. Mr. Sadler, forgetting his age, climbed up on the roof of his home to repair some loose shingles and fell, injuring his back, which has necessitated his remaining indoors.

It is hoped his injury is not serious.

The Advocate join with Mr. and Mrs. Sadler's many friends in wishing them many more years of wedded bliss together.

R. Maxwell, Miss Audrey Harris and Mrs. H. E. Smith.

Continuing pre-nuptial functions for Miss Taylor, the Champion Chapter, Order of the Eastern Star, of which Miss Taylor is a member, entertained in her honor, Saturday evening, at the home of Mrs. W. McIntyre. A social period was enjoyed followed by presentation of gifts by Mrs. Wayne Anderson, Worthy Matron, to the honored guest. The gift from the Chapter was a silver cream and sugar set complete with silver tray; individual gifts from sister members were also presented. Shirley thanked her friends for their fraternal kindness.

A delicious lunch was served by the hostesses, Mrs. Anderson and Mrs. Clyde Coe.

### Champion Defeats P. Butte

Champion Baseball Club journeyed to Picture Butte, Sunday, Sept. 17, to play the second game of the best two out of three finals for the Championship of the Wheatbelt League for 1950. Champion won over the Butte by a 17 to 9 score, which evened up the series to date.

The usual large crowd of Champion fans accompanied the club.

ROYAL HIGHLAND GATHERING AT BRAEMAR

The Braemar Highland Gathering is one of the major events in the Scottish social and sporting calendar, attracting visitors from far afield. This year it will be held on September 7th, when, according to custom, the King and Queen will probably travel from Balmoral Castle to attend the games, which have been under Royal patronage for over 100 years.

## Korean War Affects Business

Business is no longer "as usual," comments the Bank of Montreal, analyzing in its latest Business Review the economic implications for Canada of the Korean war. The B of M concludes that, with the country already close to top productive capacity, economic mobilization, although partial and gradual, will bring many new problems.

Stressing the free world's "sharpened realization of the urgent need to expedite and expand military preparedness generally," the bank then reviews the "disclosed facts" of Canada's actions in the Korean theatre, in army recruiting, and in re-armament.

"Probably of greater significance than the domestic defence program, however, will be the demands on Canada's productive resources arising out of this country's international commitments and its position in the larger economy of North America and the world. Under the North Atlantic Treaty, Canada may undertake to furnish military aid to Europe. In any case, it is contemplated that part of the funds appropriated by the United States for that purpose will be spent in this country. In addition, some of the U.S. Government's own defence requirements will be procured in Canada under a reciprocal purchasing agreement that went into effect at the beginning of July."

### INCREASING DEMANDS WILL POSE PROBLEMS

Noting that demand for available goods and services was already increasing before the Korean war, the B of M thinks it reasonable to expect that some justified re-stocking of raw materials had added further to demand during the past two months. The per-

sistent rise in general price-levels during 1950's first six months also gave evidence of the inadequacy of supply to offset demand.

"To sum up what, at this stage, is necessarily a very tentative appraisal, it seems evident that the Canadian economy in the first half of 1950 was already operating at close to the limit of capacity. Economic mobilization, although partial in extent and gradual in incidence, will superimpose on this already tight situation a critical margin of demand that will give rise to manifold new problems."

#### Alberta Schools of Agriculture

The Alberta Schools of Agriculture are located at Olds and Vermilion. They are residential schools and have living and classroom accommodations for about 200 students each. Associated with each school is a farm on which livestock are maintained for instructional purposes. Each school is well supplied with classrooms, laboratories and shops, all of which are equipped with modern tools and equipment.

The primary aim of the Agricultural course for boys and the Home Economics Course for girls is to provide helpful training for the young men and women of our rural communities who expect to spend their lives on the farm and in the farm home, thus stimulating higher standards of agricultural practice and rural living in the province. This training also promotes the development of good citizenship and an awakening to personal responsibility in the art of living, and in community effort. Many graduates have become leaders in their communities.

Agriculture is a two-year course in which emphasis is placed on the basic activities of western agriculture. Much time is devoted to practical instruction in crops, soils, livestock and farm mechanics, with sufficient attention to such topics as English, mathematics, farm management, dairying, poultry, horticulture and general science as to constitute a good all round course.

The minimum age is 16 years, which may be subject to upward revision if the number of applications received by August 1 is excessive. No definite standard of elementary education is required though applicants should have at least a Grade 8 standing.

The approximate cost for one term is \$223.00, excluding pocket money. This year registration of all students will take place on Tuesday, Oct. 24, with closing exercises on April 4.

Prospective students may obtain information concerning the schools of Agriculture by contacting this office.

#### IT'S ON THE HOUSE

With a green roof, the body of the house will look well if painted white, cream, gray or pale green. For the shutters and doors, blue, blue-green, gray, straw color, and the rust tones can be used successfully.

#### NEW COLOR FOR CANVAS

With special canvas paints that are now on the market it is possible to renew faded awnings and garden umbrellas. Such a coating keeps them from mildewing and is water repellent.

A revolutionary new thermostat which contains its own tiny heating system has been developed to prevent the "overshooting" and "droop" which cause fluctuations in room temperature when ordinary old-type controls are used.

## Buy By Grade Experts Advise

Government grading has taken much of the guesswork out of buying and today the Canadian housewife, buying by grade, can buy with confidence, according to home economists in Consumer Section, Marketing Service, Department of Agriculture, Ottawa.

Many Canadian foods now available on the market are graded according to quality and carry a distinct grade marking either on the container or on the product itself. The grading system is not only of great value to the Canadian consumer, but the producer and the manufacturer also benefit. In many cases the industry concerned has seen the need for standardization and has sought government aid in establishing grade standards. The regulations covering these standards are enforced by government inspection and violations are punishable by law.

Beef is the only meat which as yet may be purchased by grade, but all eggs sold in Canada must comply with Government regulations. Butter is sold according to grade in some provinces only, but 98 per cent of all fruits and vegetables processed in Canada are in plants licensed and inspected by the Department of Agriculture. Samples of the processed food are checked by Government inspectors before the label with the grade mark is put on the package or can. Size of cans are also standardized by law. Frozen fruits and vegetables and dehydrated fruits also must be graded, which all help the Canadian housewife in preparing tasty and nutritious meals. Buying by grade has real meaning for Canadian consumers and deserves their support.

More than 100 different colors are now available to home owners who wish to use real clay tile in remodeling old bathrooms or putting in new ones.

Now is the time to arrange for your trip to the Old Country.

On October 4th the auxiliary are holding a card-party in the Community hall when whist and crib will be played.

The Women's association are holding their chicken supper and bazaar in the Community hall on Friday, Oct. 13th.

### AVOID CRACKED GRAIN AT HARVEST

A. M. Wilson, Alberta's Field

Commissioner, says that each year farmers of Western Canada lose thousands of dollars because of faulty or improperly adjusted combines or threshing machines. Because of the large amount of cracked grain coming into elevators last season a great deal of wheat was reduced in grade, and barley that would otherwise have been suitable for malting was so severely damaged in threshing that it had to be marketed in the feed grades.

Cracked grain can be avoided if cylinder speeds and concaves are properly adjusted says Mr. Wilson. At one time the best mechanic in the country was the separator man on the threshing outfit. Today there seems to be much less thought given to the quality of the work, and too frequently speed of operation is the primary interest. The operating manual of each combine and thresher sets out adjustments that can be made to prevent this loss. A little time spent prior to field work may save enough grain to pay for the entire threshing operations.

### FLIES MALIGNED?

Flies may not be very important in the transmission of poliomyelitis, although they can carry the virus. There are no flies in Iceland, but there have been poliomyelitis epidemics there; polio is a winter disease as well as a summer disease. The fly population has dropped tremendously since the automobile replaced the horse.

### EVERYONE NOT SUSCEPTIBLE

Everyone is not susceptible to polio. Over half of all cases are under 10 years of age, and at the present time nearly one quarter are over 15 years. A baby under one rarely gets the disease. A baby

#### Celebrates 85th Birthday

Mrs. B. D. Huntley celebrated her 85th birthday anniversary on Sept. 15 at the home of her son-in-law and daughter, Mr. and Mrs. J. S. Smith. The busy harvest season kept some of the members from attending, but among those who were able to be present were her daughter, Mrs. Holmes of Dalemead; her grandson and his wife and child, Mr. and Mrs. J. K. Dickson of Calgary; Mr. and Mrs. Ross Smith, Mr. and Mrs. Allan Sinclair and Mr. O. Heisler, all of Vulcan; and four great-grandchildren. Mrs. Huntley received a housecoat as a gift from her children and grand-children. A lovely lunch was served, featuring a three-tiered birthday cake made by Mrs. Holmes.

#### 82nd Birthday

J. W. Bnteman, a pioneer farmer of the district, celebrated his 82nd birthday on Sept. 15, at his farm home. All his family were present as well as some of his friends. An enjoyable evening was spent and two birthday cakes were served with the delicious lunch.

Mr. and Mrs. Cecil Sheepy of Calgary were week-end guests at the N. L. Richardson home.

Mr. and Mrs. Stanley Martin and family, Mr. and Mrs. Ken Simson of Lethbridge and Mr. and Mrs. Roger Middleton were recent visitors at the home of Mr. and Mrs. Reg Stein.

On Sunday, Sept. 17, a table was laid for 21 guests at a surprise joint birthday celebration at the Arthur Cutforth home. The honored guests were Arthur Cutforth and his father, F. Cutforth of Barons, and Mrs. W. T. Ohler and son Ivan of Carmangay. The afternoon was spent in playing croquet, horseshoes and the showing of moving pictures. A buffet supper was served in the evening, with the table centred by a large birthday cake.

### BERRYWATER

Mr. and Mrs. Stan Wickstrom spent Sunday in Calgary. Alan and Russel Smith were business visitors to Calgary on Monday.

### Mrs. H. C. Douglas

attended a bridal shower in Calgary recently when the guest of honor was her niece, Miss Marion Herdman.

A large congregation attended the closing service conducted by Mr. Blair McPherson, summer supply minister at Berrywater Community Centre, on Sunday. During the social hour which followed, a very fine musical program was provided by Mrs. N. K. Budd, pianist, Mrs. Gordon Gardner and Warden Budd as soloist. On behalf of the congregation Mrs. Lynn Oldfield spoke in appreciation of the work of Mr. McPherson and presented him with a purse. Refreshments were served including luscious watermelon, grown in the Berrywater district by David Sims.

Mr. Blair McPherson was an overnight guest, Sunday, at the Wilson Oldfield home.

H. C. Douglass was a business visitor to High River last week. Pete Holokoff spent Sunday in Calgary.

Mrs. Jerry Johnson, who has been the guest of her brother-in-law and sister, Mr. and Mrs. Alan Smith returned Wednesday, to her home at Prince Albert, Sask.

Mr. and Mrs. George Bittorf of Edmonton are visiting this week, with Mr. and Mrs. Alan Smith and Mr. Bittorf's sister, Mrs. A. Wismer.

### Carmangay Girl Wed At Olds

(Carmangay News)

#### Miller-Strath

The marriage of Margaret Elinor Strath, only daughter of Mrs. Luella Strath and the late Mr. Jas. Strath of Olds and Mr. Robert B. Miller, elder son of Mr. and Mrs. K. R. Miller of Carmangay took place Saturday, Sept. 2nd, in the United Church, Olds, Alta.

A profusion of gladioli and sweet peas in pastel shades decorated the church for the late afternoon nuptials. The guest pews were marked with small colonial bouquets of sweet peas and baby breath and tied with white satin bows.

Rev. Wallace Moss officiated at the double ring ceremony.

Given in marriage by Dr. C. C. Hartman, the bride was beautiful in a floor length gown of white corded taffeta, styled with a Victorian type bodice, complimented with a hip length lace jacket, stand up collar and fastened in front with tiny self-covered buttons. Her skirt was full and bouffant and her long lace sleeves ended in lily points over her wrists. Her veil of embroidered illusion net was caught with yellow rose buds to a Dutch style lace cap and cascaded to the floor. She carried a crescent bouquet of white gladioli and yellow roses.

Miss Virginia Stauffer of Olds, wearing pale green, and Miss Marilyn Miller of Calgary, wearing dusky pink, were the bridesmaids. Their dresses were made of corded taffeta, modelled in similar style to the bride's gown but did not feature the lace jacket. They wore Dutch caps and elbow length gloves of matching lace and carried arm bouquets of pink carnations centred with red sweet heart roses. They wore matching opalescent necklaces and ear rings, the gift of the groom.

The bridegroom was attended by his brother Donald as best man; Mr. Joseph Sabo of Calgary, and Mr. Murray Malton of Olds were ushers. Miss Beryl Hyde of Calgary played the wedding music and during the signing of the register Mr. Geo. Clark sang "Oh Perfect Love."

Following the ceremony a reception for 90 guests was held in

the church parlours when Mrs. Strath and Mrs. Miller received with the bridal party.

Mrs. Strath wore a spruce blue silk crepe dress, grey felt hat with ostrich spray in blue and dusky pink. Her corsage was of pink gladioli and red roses. Mrs. Miller chose a navy blue silk crepe dress with a matching jacket embroidered with a white motif. Her navy hat was set off with a swirl of white feathers and her corsage was red roses and white gladioli.

During the reception, musical selections were rendered by Rev. and Mrs. Moss, Miss Eleanor Malton and Mrs. Geo. Clark, accompanied by Miss Beryl Hyde. The toast to the bride was proposed by Mr. M. W. Malton and replied to by the groom, the toast to the bridesmaids was proposed by the groom and replied to by Donald Miller. Mr. Geo. Clark proposed a toast to the parents of the bride party and Mr. K. B. Miller replied. Telegrams of congratulation were read by Dr. Hartman. Mrs. Del Hyde of Calgary and Mrs. C. C. Hartman presided at the tea table, Mrs. Dean Stair was in charge of the guest book.

For travelling the bride donned a burgandy colored dress, a dark grey top coat, a grey hat with burgundy feathers and grey accessories. She wore a sterling silver bracelet, the gift of the groom and a corsage of yellow roses. Following a brief honeymoon in Banff, Mr. and Mrs. Miller will make their home in Calgary where the groom is employed as draftsman with the Imperial Oil Co.

Out-of-town guests present were Mr. and Mrs. K. R. Miller, Marjory and Donald; Mrs. Fred Sodergquist of Carmangay; Mr. and Mrs. Sid Tennant of Iron Springs; Mr. and Mrs. Dick Davies of Champion; Mr. and Mrs. Gordon Smith of Edmonton; Mr. and Mrs. Jas. Murray and Mrs. Bele McKinnon of Red Deer; Mr. and Mrs. A. C. Moore of High River; Mrs. Donald Stath and Jaffrey; Mr. Al Stevens; Miss Mary Applegate; Mrs. A. Dinney; Miss D. A. Suffesick; Mr. and Mrs. Del Hyde and Miss Beryl Hyde; Mrs. Olive Harpole; Mr. and Mrs. Harry Miller and Miss Barbara Miller, all of Calgary.

Vegetables should not be soaked before cooking—much food value is lost in such soaking. Also, they should be steamed wherever possible.

Walking is excellent exercise for everyone—it cures cold feet, hot heads, pale faces and bad tempers.

## Going Farming?

(Swift Current Sun)

The production revolution which has transformed industry has invaded farming. Agricultural technicians are applying scientific methods to soil conservation, tillage livestock and plant breeding. Increased nutrition in foods, weed and pest control, care and health of animals, use and maintenance of modern equipment, designing homes and buildings, beautification and recreation.

The best farmers of tomorrow will require greater knowledge and better brains than those engaged in other professions just as the best farmers of today have to be more efficient and more capable than most people in other fields.

The young men and women of today who will work hard enough to secure a sound, basic agricultural education can engage in professional production which will offer them greater possibilities and better rewards than they will find in most other means of service to humanity.

Our western universities with their extension departments are giving particular attention to youth in agriculture. It is a compelling and satisfying profession, this agriculture; the most independent life there is.
